

January 20, 2026

Dear Members and Friends,

We are ***Growing Our Spiritual Garden*** here at All Faiths. Over the past year, we have welcomed many new members. We are pleased that you have chosen to call All Faiths your spiritual home, our ***Spiritual Garden***. We have also taken steps to grow our facility and grounds. We look forward to a more inviting entrance and improved facility.

Growing of our Spiritual Garden implores us to invest in All Faiths. We must invest in our members, invest in our facilities, but most of all invest in our employees. This year, our proposed budget calls for a six percent increase. Being part of our growing All Faiths family, our spiritual garden calls on you to meet this challenge.

All Faiths employs two full-time and three part-time employees. Our staff is dedicated and valued. All Faiths has always been and strives to be a fair-compensation employer. Your donations make this possible.

Our facility does not exist without expenses. Our spiritual garden would not grow without the financial support of our members.

If you currently pledge, please help us meet the challenge from our increased costs. If you currently pledge only a nominal amount, please make your pledge more substantial. If you do not pledge, please do so now. If you can only afford a small amount, remember that those pledges also help us plan for our coming fiscal year.

In Love and Solidarity,

Your Stewardship Committee,

Ken Malkin, Jack Kennedy, Lewis Robinson
